**Course Description:**

This class is for beginners in the study of the Japanese language. Students can complete the elementary level study of Japanese in the 20 lessons in this course. This course is designed mainly for use in university courses and consists of four sections: conversation, grammar, reading and writing. Conversation and grammar sections help improving students' speaking and listening abilities by having them learn basic grammar and by increasing their vocabulary. Reading and writing sections foster comprehension and writing ability through the study of Japanese characters and through practice in both reading and writing. After learning hiragana and katakana, students begin studying kanji.

**Course Goals:**

Students are able to

- Read and write hiragana and Katakana.
- Count numbers in Japanese.
- Express days, weeks, months and years.
- Know suitable greetings in different time and situation.
- Shop at market.
- Introduce themselves with basic Japanese.
- Make a daily schedule.
